EMERGENCY PROCEDURES Respond Correctly to Emergency Procedures Including Fire Drills

- | |
|---|
| <ul style="list-style-type: none">● Act immediately● Stop where you are● Drop to the ground and cover your eyes and mouth with your hands● Roll over and over until the flames are extinguished |
| <ul style="list-style-type: none">● Make them stop, drop and roll● If a person is unable to drop to the ground, smother the flames with a towel, blanket or jacket |
| <ul style="list-style-type: none">● Smoke is dangerous, it is hot and toxic● Smoke rises towards the ceiling leaving cooler, cleaner air close to the floor● Don't go through the smoke if you can help it. Use an alternative exit if one is available● Crawl on your hands and knees and move as quickly as possible |
| <ul style="list-style-type: none">● Treat a burn with cool water for 10-15 minutes● Get medical help immediately for serious burns |
| <ul style="list-style-type: none">● Discuss the Emergency Procedures with family members● Ensure everyone is aware of the Evacuation Assembly Area● Everyone should know the location of fire extinguishers, fire hose reels and equipment for raising the alarm● REMEMBER - "WHAT HAPPENS IF YOU ARE NOT THERE?" <p><i>HOME FIRE SAFETY - INSTALL SMOKE DETECTORS</i></p> |
